

Heatherlyn Music :: General Honorarium Rates for 2010

Heatherlyn and Jason (her husband and partner) always work and travel together. This is their full-life vocation, livelihood and business. The honorarium is their income and living wage. Out of it they pay taxes, health care, other business expenses not included in the direct travel, lodging & food costs of the event and they seek to faithfully give to charity.

Please inquire with your specific requests and program needs for a quote. We always seek to meet the needs of our host. Additional costs of travel, lodging and food are determined according to each situation.

Worship Service :: Leading Worship Music
\$350

If your community has more than one worship service, or if Heatherlyn is presenting a concert and speaking in addition to leading worship within a worship service, a package rate will be negotiated in conversation, based on schedule, preparation work required, etc.

Concert or Presentation :: Performing Music and Speaking
\$550/per session or program

Examples: Youth & Family Programs, Women's Ministry, Christmas Teas, Mission Kickoffs, Campus Ministry, etc...

Day-long Event/Retreat/Conference
\$1,000 per day

When Heatherlyn is leading worship for the community that forms during a conference or retreat, she believes it's important to participate in, listen and attend other portions of the conference so as to journey together and engage the greater conversation. This is reflected then in her presentation or performance. Worship experiences then are tied together well with the rest of the whole. It is more than a separate time to sing worship songs. It is a time of ministry with a broad awareness of how God is revealing and moving among us in the whole event.

Thank you for considering us! Please contact us without hesitation with your questions, requests and ideas!

HoPeacEquity,
Heatherlyn & Jason
